Saturday, July 14, 2018

We have seen an increased need for "*Home Delivered Meals*" over the past few years. The need often exceeds the grant funds available for their provision. The cost per meal is approximately \$8.34. Help support this need!

Our goal is to raise enough money to provide over 2,400 "*Home Delivered Meals*".

To reach this goal we **MUST** raise \$20,232.

In 2017 we delivered 16,958 meals.

We need your help to meet the growing demand for this valuable program.
